Guidelines

What is the Purpose of the Community Development Revolving Loan Fund?

The National Credit Union Administration's (NCUA's) Community Development Revolving Loan Fund (CDRLF) was established by Congress to support credit unions that serve low-income communities by making loans and TAGs available to qualifying institutions. Low-interest loans/deposits are made available to low-income designated credit unions to enhance their financial capacity to, in turn, extend financial services to their members.

Congress appropriates funds to the CDRLF for loans and grants. The interest earned on loans is also available as a source of additional funds retained by the program for grant purposes.

What is the objective of Technical Assistance Grants?

The objective, or desired outcome, of technical assistance grants is to:

- Improve the quality of financial services to members;
- Make the operations of low-income credit unions more efficient; and, ultimately
- Stimulate economic activities in the communities served by the credit unions.

By applying for technical assistance grant funds, the credit union is committing to working toward the purpose of the CDRLF and the objective of a technical assistance grant.

Which credit unions are eligible to apply?

To participate in the Program, a federally chartered credit union must be currently designated as a "low-income" credit union as set forth in NCUA's Rules and Regulations, Section 701.34. A state chartered credit union must have the equivalent low-income designation from its respective state supervisory authority (SSA) and concurrence from NCUA.

In addition, based on an Office of Management and Budget (OMB) policy directive effective October 31, 2003, credit unions must have a Dun and Bradstreet Universal Numbering System (DUNS) number in order to be eligible to receive grant or loan funding from the CDRLF. As of this printing, a DUNS number may be obtained by calling Dun and Bradstreet, toll-free, at 1-866-705-5711.

How does the grant payment process work?

Credit unions must apply for and be approved for a grant before making any expenditures.

After receiving a grant award letter, the credit union may purchase the goods or spend the funds, up to the amount approved.

The credit union must then submit copies of receipts and evidence of payment to NCUA for reimbursement.

All requests for reimbursement must be received before the end of the commitment period listed in the grant award letter.

What is considered an urgent need?

The urgent needs grant is provided to ensure the continued growth and viability of a credit union with an immediate and pressing need for improving its financial condition or operations. Urgent needs are those items or incidents that result in unplanned or unexpected costs to the credit union.

In its application, the credit union must definitively demonstrate that failing to implement the project, undertake the activity, or purchase the item, would adversely affect the credit union's operations or financial condition. Credit unions that cannot fund the project without an adverse impact on the credit union's financial condition will receive priority consideration.

The use for the grant funds described in this application would typically not fit under another grant initiative. The primary purpose of a request for an urgent needs grant must remain consistent with the overall purpose and intent of the CDRLF program.

Examples of urgent needs might include, but are not limited to, activities such as obtaining an audit; updating records; collecting on delinquent loans; or replacing equipment not covered by insurance.

Examples of items that would not be considered urgent needs are replacing obsolete or outdated equipment, recurring operational costs, training, and marketing. These items can be planned in advance and funding for these items can be requested under other CDRLF grant initiatives.

How much money is available?

This grant is funded from the Community Development Loan Fund's earnings. Credit unions may request up to \$3,000.

What are the application deadlines?

This grant is open year-round, and has no closing date. Applications are evaluated as they are received.

What is the method for evaluating the grant applications?

Grant applications will be evaluated based on financial and non-financial factors as listed below.

Financial factors include the following:

CAMEL Rating

Net Worth Ratio

Delinquency Ratio

Return on Assets Ratio.

Financial factors are used to determine the financial condition of the credit union and its likelihood of continued successful operations.

Non-Financial factors include the following:

Assessment of Management is a determination of whether management has been responsive to examiners and whether management has the ability to carry out the project described in the grant application.

Purpose is a determination of whether the outcome of the project, as described in the grant application, coincides with the purpose of the CDRLF as described in Section 705.2 of the NCUA's Rules and Regulations. That purpose would be: (1) providing basic financial and related services to residents in their communities; and (2) stimulating economic activities in the communities they serve which will result in increased income, ownership and employment opportunities for low-income residents, and other community growth efforts.

Assessment of Impact is a determination of the scope and reach of the proposed use of the grant funds. Grant applications which indicate that grant funds will have an impact on credit union members and the community as whole receive priority consideration.

Previous Funding is a determination of whether the credit union has received previous CDRLF grant funding. Credit unions which have NOT received funding in the past will receive priority consideration.

Ability to Self-Fund is an assessment of the credit union's net worth, cash, and liquidity to determine whether the credit union has the ability to fund the project on its own. Priority consideration is given to those credit unions which cannot completely fund the project described in the grant application without an adverse effect on the credit union's financial condition.

Partnerships is a determination of whether the credit union has developed other partner relationships and has considered other sources of grant funds.

Urgency is defined as a circumstance where a credit union has a compelling need for immediate action or attention and where receipt of a grant is expected to mitigate that urgency. Grant funds would ensure the continued growth and viability of the credit union. The application should demonstrate that failing to implement the project would adversely affect the credit union's operations or financial condition.

What information needs to be submitted with the grant application?

Credit unions must submit a completed Technical Assistance Grant Application.

Where should completed applications be submitted?

Applications may be faxed to: (703) 519-4088

Applications may be emailed to: oscuiapps@ncua.gov

Credit unions that are unable to fax or email applications should telephone the Office at (703) 518-6610.

When will credit unions know about grant awards?

Applicants will be notified of the award decisions generally within 15 business days after OSCUI receives the grant application.

What is the reporting requirement after receiving a grant?

Credit unions receiving awards must provide to OSCUI a summary of the impact of the grant funding on the credit union's operations. The summary should discuss the overall project and how the funding enabled the credit union to accomplish its objective. Credit unions must specify the impact that grant funds have had on the credit union's delivery of service and the consequences upon the community the credit union serves.

The time frame for submitting the summary is generally 6 months after receiving the grant, and will be restated in the award letter. The submission deadline is established to allow reasonable time for the credit union to ascertain the benefits of the grant.

Summaries may be faxed to: 703-519-4088

Summaries may be emailed to: oscuiapps@ncua.gov

Is there anything that would cause an application to be immediately denied?

Yes.

1. Grants from the CDRLF are reimbursable grants. Credit unions applying for TAGs must obtain approval of the proposed expenditures before making those expenditures. Therefore, the OSCUI will not fund any grant where the credit union has committed to, procured, or purchased the good or service in advance of grant approval.
2. TAG funds are generally not provided for recurring operational expenses such as salaries, rent, office occupancy or office supplies.
3. TAG funds may not be used to reimburse NCUA for any activity.
